Welcome to tonight #OTalk where we will be having what I hope will be an interesting discussion around the reality of using evidence based OT interventions. Don't forget to add the #OTalk to your tweets!

Susan Griffiths @SusanGriffiths5

Here is the first question: What evidence-based interventions are you currently using in practice? #OTalk @OTalk_

#OTalk @OTalk_

a day ago

@colourful_ot ...and always use the #OTalk tag so that your Tweets are easier to keep track of and for us to add to our transcript! [GIF description: Matt Smith exclaiming "hashtags!"] [sorry for missing description on the previous tweet; it's Paddington Bear saying to be kind and polite 😊] <https://t.co/oWyaPn5cZi>
