RT @Jeni_woods_OT @Keirwales You have just blown my mind 🤯
Kawa the canal system My kids are going to get v confused next time we go for a walk and I start muttering about drift wood, lily pads, external influences, internal resources... If you don't publish you are letting the whole profession down #OTalk

I teach both and professional doctorates teach the skills needed to do a smaller thesis . Great for busy clinicians or persons with less confidence . PHD hit the ground running !

@OT_KateT @MassDecoration @Jeni_woods_OT @Keirwales No pressure then! I grew up a literal stones throw from the grand union canal, so it all just fell into place when I changed "pathways" to streams, a proper 💡 moment! #OTalk

@Ruth_Hawley @preston_jenny @pd2ot @Jeni_woods_OT None as you'll still be a Dr. it's about how you learn #OTalk

@DrCCConnell @Ruth_Hawley @pd2ot @Jeni_woods_OT Although a masters will / may help - i had over 12 years research experience going in to the PhD, but i know others with no experience who have gone straight to a PhD #OTalk

@OT_Jim @OT_KateT @Jeni_woods_OT @Keirwales I was impressed by the inventiveness of introducing seaweed and rock pools but we're not far from the coast so perhaps it just highlights the influence of the wider environment on imagery! #otalk
