@preston_jenny @otwg_gcu And what I am doing in the TEDx world is also a strong example. The message I have been sending for 3 years now is- Why a for people to invite us to these stages? Why can't we open our own shops to invite our own as long as we follow the guidelines? #otalk

**Bill Wong, OTD, OTR/L** @BillWongOT

@preston_jenny And another thing such actions also raised these questions- Why we say we can't do it when med school students can? New grad physios? students from other disciplines? #otalk
